

## Prestige Kids Play 50

Longest blade length in Australia for residential use at 50mm. Heatblock® technology makes Prestige Kids Play 50mm up to 30% cooler than other ordinary synthetic grasses on the market. C shaped blade helps to yarn spring back the up after being walked on. Soft and cool to walk on. Extra height provides cushion feel to feet. Great for residential kids play areas with low traffic. Added coffee colored brown yarn provides extra realism. Double Polypropylene backing provides extra durability.
